

A real-world action plan to create personalized learning experiences

"This important book helps educators go beyond "personalized learning" as a buzzword to make it a reality in every classroom. An essential tool for every teacher."

--Tony Wagner, author of
The Global Achievement Gap
and *Creating Innovators*

Learning Personalized challenges educators to rethink the fundamental principles of schooling that honors students' natural willingness to play, problem solve, fail, re-imagine, and share. This groundbreaking resource:

- Explores the elements of personalized learning and offers a framework to achieve it
- Provides a roadmap for enrolling relevant stakeholders and reimagine new roles and responsibilities
- Addresses needs and provides guidance specific to the job descriptions of educators, administrators, and other staff
