

### S.M.A.R.T. Design Tool (Version 1)

**Purpose:** This design tool (2 versions) are for students to use in support of a challenge, aspiration, or project in which they are willing to put their effort, energy, and attention. As we continue to support our students learning, these tools may be more appropriate when they have already built up some background knowledge on the challenge they are undertaking and evaluated previous work/experiences (if appropriate). This tool can also be completed in consultation with the teacher as well as independently where the teacher focuses as a coach or a sound board.
